California Department of Technology

Statewide Technology Procurement Division
Senior Information Systems Analyst (Specialist), \$5,824 - \$7,655

Multiple Openings

Permanent/Full-time

Final File Date: 09/09/2015

Who Are We?

As *the* central IT organization for the State of California, the Department of Technology's Headquarters Office is responsible for the approval and oversight of all state information technology projects. We hold statutory authority over strategic vision and planning, enterprise architecture, IT policy, and project approval and oversight. We are committed to both transparency and waste reduction in state government.

Among other responsibilities, our Headquarters Office develops and maintains the state's Enterprise Architecture framework, and ensures the confidentiality, integrity, and availability of state systems and applications. We also develop and implement policy and direction for the State's IT program, priorities, and initiatives.

We provide excellent health benefits, generous vacation and sick leave accrual, exceptional retirement benefits, 11 paid state holidays, and two paid professional development days per year. We are located in Rancho Cordova with free parking.

What You'll Be Doing...

As the Senior Information Systems Analyst (Specialist), under the general direction of the Senior Information Systems Analyst (Supervisor), you will be responsible for developing innovative procurement approaches, coordinate and control all aspects of the most complex Information Technology project acquisitions in accordance with Public Contract Code 12100 for the procurement of Non-delegated IT goods and services and management of related contracts.

This position is designated under the Conflict of Interest Code. The position is responsible for making, or participating in the making of governmental decisions that may potentially have a material effect on personal financial interests. The appointee is required to complete form 700 within 30 days of appointment. Failure to comply with the Conflict of Interest Code requirements may void the appointment

career opportunity

Who We're Looking For...

We're looking for dedicated, talented individuals who possess the following skills and abilities:

Broad Experience and thorough understanding of:

- Conducting the most complex medium and large scale IT reportable project procurements.
- Project Management, including the System Development Life Cycle for IT projects
- Developing procurement policy and procedures, preferably at a statewide level, or a multi-department/Agency level.
- Public Contract Code, Government Code, State Administrative Manual, State Information Management Manual, and Uniform Commercial Code.
- State procurement processes, including the Information Technology Procurement Plan process; FSR requirements, and State protest process.
- Federal Acquisition Regulations, including IT or Electronic Systems type Contracts, Acquisition Plans, IFB/RFP development, price analysis and negotiations, Final Revisions, award, and Post-Award Conferences.

Ability to:

- Display professional conduct and ability to independently make sound procurement decisions.
- Ability to write comprehensively, communicate with all levels of management, including executive and peers, attorneys, and external customers.

How to Apply...

Interested applicants must submit a State application to:

CALIFORNIA DEPARTMENT OF TECHNOLOGY
P.O. Box 1810
Rancho Cordova, CA 95741-1810
Attn: Leslie Gibson, RPA 15-035
For inquiries, please call (916) 431-4053

When applying for a Job Opening, you must be sure to submit one state application per RPA #. You must indicate the RPA # you are applying for on your application; otherwise, your application will not be processed.

To be considered for the position of a **Senior Information Systems Analyst (Specialist)** classification, you must first obtain eligibility through an examination process. Visit our Career Opportunities webpage at <http://cio.ca.gov/About/Careers> for information and instructions on the hiring process.

The Fine Print...

Applications will be accepted only from individuals currently at the **Senior Information Systems Analyst (Specialist)** level, or applicants who have transfer or list eligibility. Applications will be screened and only the most qualified will be scheduled for an interview. All appointments are subject to SROA/Surplus provisions. This recruitment may be used to fill multiple vacancies occurring in this unit for this classification within the next 60 days.
